WHAT IS THE RIDING WEEK?

LEARN TO HORSE RIDE IN CATALONIA WITH
ACCOMMODATION IN ELS MASOS D'EN COLL

This program is designed for people who have never ridden or have barely ever ridden and want to start without risks. During the week they will alternate between classes and field trips. When the program finishes they will be able to step and trot with their horse in the field, in balance with yourself and the horse without any risks. They will also have spent a wonderful holiday in the Baix Empordà and the Costa Brava.

This program is perfect to start riding alone, as a family or with a group of friends, taking advantage of the holidays to learn how to horse ride. This program has been created and developed in collaboration with Manolo Ruiz "Cabacci" (<http://www.cabacci.com>), equestrian tourism consultant with 25 years of experience. The horses are trained to obey the voice and to work in groups, one of our experts teaches the students from a horse, maintaining control at all times of the student's horse, which allows us to move quickly, safely and confidently; after this program the student will be able to trot and start at to gallop.

Each day we do a class and later we go on a trail to practice everything that we have learned.
